Center for Global Health Engagement (CGHE)

Capabilities Statement

Mission: *Integrate, lead and synchronize USU's Global Health Engagement (GHE) contributions to the Joint Force, Combatant Commands (CCMDs), Services, the Military Health System, and ultimately to national security objectives.*

Vision: *By the end of CY 2020, the CGHE will be internationally recognized as the pre-eminent U.S. Government (USG) institution for the development of effective GHE throughout the Department of Defense (DoD) and the Uniformed Services.*

Differentiators

- **DoD Focus:** CGHE endeavors to achieve economies of scale and better support the DoD, the Joint Force, the CCMDs, Service Components and the Military Departments across the range of military health-related operations.
- **Experience:** Since 1998, CGHE, through its predecessor the Center for Disaster and Humanitarian Assistance Medicine (CDHAM), has engaged with over 3,000 government civilian and military officials in more than 50 countries.
- **Expertise:** CGHE is uniquely postured to access subject matter experts in all relevant areas for DoD GHE, disaster preparedness and security cooperation.
- **Demonstrated Capability:** Years of experience working in a variety of cultural contexts and in some of the world's most challenging environments enables CGHE staff to operate successfully in a variety of contexts.
- **Quality Assurance:** CGHE applies the highest professional standards to its work, with expert program design and thorough execution, development and delivery of a wide range of impactful courses and implementation of sound research, assessment, monitoring and evaluation practices.
- **Continuity:** CGHE aims to weave a thread through all USU and DoD GHE endeavors while also ensuring alignment with larger USG efforts.
