USU and GSN Vision and Mission Statements

USU Vision
By the end of 2015, the Uniformed Services University of the Health Sciences, recognized as the preeminent educational institution for the creation of career military health professionals and leaders prepared to serve the nation wherever and whenever duty calls, will be a central hub for military-related health education and research, and the nation’s center of excellence for the health dimensions of our national security strategies. USU will insure that each graduate is prepared with an outstanding health education, inter-professional health training, and a deep and abiding commitment to selfless service, responsible leadership, the military ethos and the security of the United States.

USU Mission
The mission of the Uniformed Services University of Health Sciences is train, educate and prepare military health professionals, officers and leaders to directly support the Military Health System, the National Security and National Defense Strategies of the United States and the readiness of our Armed Forces.

GSN Vision
The premier nursing education and research graduate school, innovative in serving the needs of the Federal Health System.

GSN Mission
The Graduate School of Nursing is a diverse, interdisciplinary community providing the nation with the highest quality advanced practice nurse clinicians, scientists and scholars dedicated to Federal Health Service.
