MILITARY OB/GYN RESIDENCY PROGRAMS:

San Antonio Military Medical Center (SAMMC):

4th year Medical Student Director: Dr. Maria Molina
   E-mail: maria.m.molina8.mil@mail.mil
   Phone: (210) 916-3579

Ob/Gyn Residency Program Director: Dr. Larissa Weir
   E-mail: Larissa.f.weir.mil@mail.mil
   Phone: (210) 916-6006

Estimated number of available residency spots for 2017 broken down by service:
   6 TOTAL - 3 ARMY / 3 AIR FORCE

Overview:
   The rotation at SAMMC is a 4-week elective where students will have the opportunity to rotate through two separate sub-internships. Choices for sub-internships include maternal fetal medicine, reproductive endocrinology, gynecologic oncology, urogynecology/female pelvic floor and reconstruction, labor and delivery nights, labor and delivery days, and benign gynecology/minimally invasive surgery. Students are required to give one formal presentation and take three in-house, overnight, labor and delivery calls during their rotation. Formal interviews will be grouped so students will have the opportunity to interview with the program director, associate program director, clerkship coordinator, as well as two additional staff and a resident on a single day. Interview days generally take place twice a month, July-October. For specific dates, please contact Dr. Adams.

To sign up for a rotation at SAMMC, please contact Dr. Adams with your preferred dates and top 3 choices for rotations. You will also need to contact the GME department at SAMMC for formal scheduling of your elective rotation and in processing requirements. They simply need to know you want to rotate through the Ob/GYN department and that you have clearance for access to patient records (this may take up to 30 days so please plan ahead). The breakdown of the rotation will be done within the department. The GME office requires all requests to be made by email at usarmy.jbsa.medcom-bamc.list.saushec-clerkship@mail.mil.
Walter Reed National Military Medical Center (WRNMMC):

4th year Medical Student Director: Dr. Amanda Owens  
E-mail: amanda.e.owens.civ@mail.mil  
Phone: 301-400-2687

Director of Clinical Clerkships: Dr. Katie Shvartsman  
E-mail: Katerina.Shvartsman@usuhs.edu  
Phone: (301) 295-6009

Ob/Gyn Residency Program Director: Dr. Scott Petersen  
E-mail: scott.m.petersen.mil@mail.mil  
Phone: (301) 295-6860

Estimated number of available residency spots for 2017 broken down by service:  
6 TOTAL – 3 ARMY / 2 NAVY / 1 AIR FORCE

Overview:  
WRNMMC hosts a tri-service residency program and welcomes 4th year HPSP and USUHS medical students to participate in a 4-week elective. Students have the opportunity to rotate through the following specialties: maternal fetal medicine (MFM), reproductive endocrinology infertility (REI), urogynecology (URO), gynecologic oncology (GYN ONC), minimally invasive surgery (MIS). Students can do all 4 weeks on a single service or can opt for a “split” rotation with 2 weeks on 2 different sub-specialties.

During the rotation, students are required to give a formal presentation (limited to 7 minutes; 10 slides), as well as take 2 overnight calls on labor and delivery (1 weekday, 1 weekend). Formal interviews will be conducted during the rotation and students will be notified of the interview date upon arrival. A personal statement and CV will be requested prior to the interview.

To request a rotation, please email Dr. Amanda Owens at the email address listed above. You will be sent a letter requesting required information to set up your rotation.

If you are unable to rotate at WRNMMC, but have a genuine interest in learning more about our program and applying for a residency position, you are strongly encouraged to set up an interview. To schedule an interview please contact Dr. Amanda Owens and she will send you the dates of our interview schedule. Interviews take place on Thursday mornings approximately twice a month (July through October).
Portsmouth Naval Medical Center:

4th year Medical Student Coordinator: Tami Sjostrom
   E-mail: tami.m.sjostrom.civ@mail.mil
   Phone: (757) 953-4351

Ob/Gyn Residency Program Director: Dr. Jay Allard
   E-mail: jay.e.allard.mil@mail.mil
   Phone: (757) 953-4351

Estimated number of available residency spots for 2017 broken down by service:
   5-6 TOTAL: 3-4 NAVY / 2 AIR FORCE

Overview:
   Fourth year medical students have the opportunity to rotate on Routine Ob,
   Maternal-Fetal Medicine, General Gynecology, Urogynecology, Gyn Oncology and
   Reproductive Endocrinology. Students may choose to spend 2 or 4 weeks on any
   of the given rotations. Interviews are by appointment. If you do not intend
   to rotate, please contact Mrs. Rountree for an interview in person or over
   the phone. There is base housing available at the officer’s quarters at
   Scott Anex as well as the Navy Lodge at the Norfolk base.

**Estimated number of available residency spots for 2017 broken down by service:**  
4 ARMY

**Overview:**

The rotation at MAMC is traditionally a 4-week elective where students will have the opportunity to rotate through a variety of sub-specialties coordinated with the program director. The choices that are currently offered are as follows with the comprising team:

- Antepartum service: MFM staff, fellow, R4 and R1  
- Reproductive endocrinology: Staff, R3 and R1  
- Gynecologic oncology: Staff, R3 and R1  
- Urogynecology/female pelvic floor and reconstruction: Staff, R4, and R1  
- Labor and delivery nights: Traditionally R3 and R1  
- Labor and delivery days: Traditionally R2 and R1 (often shared with emergency residency intern)  
- Benign gynecology/minimally invasive surgery: Rotating Staff; R4 and R2

Students are required to give one formal presentation of their choosing. They will be assigned a staff mentor and a resident mentor. All calls will be in-house with the labor and delivery service. A single day of interview will be scheduled, which will be with the program director, assistant program director, MFM staff, REI staff, GYN ONC staff, Midwifery Service, and residents.

To sign-up for MAMC rotation, please contact Ms. Mallory Broiser (coordinator) with possible dates and rotation preferences to start. Further questions, lodging and travel can be coordinated.
Tripler Army Medical Center (TAMC):

4th year Medical Student Coordinator: Dr. James D Ferguson
   E-mail: james.d.ferguson101.mil@mail.mil
   Phone: (808) 577-5563

Ob/Gyn Residency Program Director: Dr. Charles Dietrich
   E-mail: charles.s.dietrich.mil@mail.mil
   Phone: (808) 433-1815

Estimated number of available residency spots for 2017 broken down by service:
   5 ARMY

Overview:
   Tripler offer rotations on MFM, Urogyn/GYN, ONC/REI, L&D, Night float. You can set up your interviews with as many staff as you can meet when you arrive. Most students have to stay in Honolulu. The Tripler lodge is for 3rd year medical students rotating.

  Phone: (910) 907-6670

Ob/Gyn Residency Program Director: Dr. Jason Parker
  E-mail: jason.d.parker.mil@mail.mil
  Phone: (910) 907-6670

Estimated number of available residency spots for 2017 broken down by service:
  3 ARMY

Overview:
  Internships: Due to military downsizing, only 4th year medical student graduates with a U.S. military obligation (HPSP, USUHS, ROTC) may apply to the Army First Year of Graduate Medical Education (FYGMED). Applicants are required to apply through the Medical Education FYGMED Branch, Falls Church VA, in addition to applying to the Electronic Residency Application System (ERAS), developed by the Association of American Medical Colleges (AAMC). For more detailed information on applying for FYGMED, contact the Medical Education Office, FYGMED Branch, Falls Church VA, 1-800-793-5970.

Criteria for selection include academic performance in medical school, USMLE scores, letters of recommendation, demonstrated interest in the military service, leadership potential, and physical, mental and moral fitness.

As senior medical students, the department offers 4-week electives including: Maternal Fetal Medicine, Endocrine-Infertility, Gynecology Oncology and Gynecology Surgery. During these electives, students will be allowed to function as sub-interns.

Educational meetings occur each morning. Before conference, senior medical students are expected to round on their service. Conferences are given by faculty and senior residents and cover the breadth of obstetric and gynecologic topics. Labor and Delivery board sign-out occurs each morning after conference and is attended by faculty who lead discussions about management and other pertinent issues.

Interviews will be conducted the last Wednesday of your rotation. You will interview with staff physicians as well as residents this usually is an entire afternoon. Please don't make travel arrangements on this day.

On post housing arrangements can be made at Airborne Inn: 910-396-7700 and the Landmark Inn: 910-495-1215.
Wright Patterson Medical Center:

4th year Medical Student Coordinator: Stephanie Adkins  
E-mail: stephanie.adkins.1@us.af.mil  
Phone: (937) 522-2665

Ob/Gyn Residency Program Director: Nancy Lo, Maj, USAF  
E-mail: nancy.lo@us.af.mil  
Phone: (937) 522-2665

Estimated number of available residency spots for 2017 broken down by service:  
6 TOTAL - 3 AIR FORCE / 3 CIVILIAN

Overview:  
The MS4 rotation is an integrated rotation with Wright-Patterson Medical Center and Miami Valley Hospital, our civilian hospital, where 75% of the residency occurs. The rotation consists of two weeks at WPMC and two weeks at MVH. While at WPMC, the student will take part in a collection of cases which will encompass General Obstetrics and Gynecology, Minimally Invasive Surgery, Reproductive Endocrinology and Infertility, Maternal-Fetal Medicine, Urogynecology and Gynecology Oncology. The two weeks at MVH will consist of one week of Night Float, when the student will work with the 2nd year resident in the Perinatal ICU and antepartum service, and then one week of Gynecology Oncology, which incorporates clinic and surgical cases. Uniform of the day is required while rotating at the base, while civilian attire is expected at MVH.

Didactic training occurs on Wednesday mornings, when all residents meet at MVH, and daily conference is per the routine of the specific service.

MVH is approximately 20 minutes away from the base so a vehicle is necessary.

There are two set interview days while at WPMC so please contact the program coordinator for those dates.

If any MS3 or MS4 has any questions, feel free to email Ms. Stephanie Adkins.

Base housing is offered at the Air Force Inn (which is located across the street from the Wright Patterson hospital), and can be arranged by calling: Commercial: (937) 257-3810 / DSN: 787-3810.
