Course Description: The TSNRP Research and Evidence-Based Practice Dissemination Course features keynote lectures by military nursing leaders and nationally known clinical experts, in addition to:

- Break-out sessions with research and evidence-based practice presentations from TriService active, reserve, guard, and retired military nurse scientists and researchers.
- Poster session featuring research and evidence-based practice (EBP) projects relevant to military nursing.
- TSNRP-sponsored Research Interest Group team meetings and presentations, to include Women’s Health, En Route Care, Anesthesia, and Biobehavioral Health.

Note: This is a DoD-approved educational course, and is not considered a conference.

Target audience: Active, Reserve, Guard, and retired Nurse Corps officers from the Army, Navy, and Air Force, as well as nursing personnel working within the Military Healthcare System. Non-military nurses are welcome on a space-available basis.
